## **KITCHENER-WATERLOO AND DISTRICT ATSSA NEWSLETTER**

**December 2006**

### **NOVEMBER MEETING:**

Grote Industries Canada sponsored our November meeting. Charlie Taylor, Regional Sales Manager gave an information filled presentation, Proper Electrical Repair, using "The Right Tool for The Job". Judging by the amount of activity around display tables after the meeting he definitely sparked interest. Thank you to both Charlie and Grote Industries Canada for giving their time and sponsoring our dinner meeting.

### **DECEMBER MEETING:**

In April 1986, a group of corrosion control experts wanted to be unique in the automotive rust protection industry, formed a company called Krown. Krown's technologically advanced formula is one-of-a kind. Able to creep and penetrate, displacing moisture, the Krown product boasts many other advantages. Krown is 100% Canadian-owned and operated and is best known for its Krown Rust Control Centres, now with over 240 locations in Canada. Freeman Young, President of Krown and our speaker for the evening will elaborate on the advantages of their products. With the high cost of new vehicles Krown is a good way to protect your investments. Join us and learn more.
