## KITCHENER-WATERLOO AND DISTRICT ATSSA NEWSLETTER

### February 2008

#### JANUARY MEETING:

**Groeneveld CPL Systems** sponsored the first meeting of 2008. **Kevin Rooney**, VP OEM Sales & Marketing, North America shared with us what the future holds for **Groeneveld CPL Systems** and how that relates to their pending move to their new location. We would like to thank **Groeneveld CPL Systems**, **Kevin Rooney** and **Doug Bannon** for sponsoring our meeting and giving of their time to join us at the meeting.

#### FEBRUARY MEETING:

As in years past we are excited to welcome **Waycon International Trucks** as our February meeting sponsor. Our guest speaker will be **Josh LePage** and his topic will be "**Hybrid Technologies**". The update will let the industry know what is new and how far the technology has come in the past few years.

**Hybrid technology** is something that is operating in the commercial vehicle industry and will be part of most fleets in the near future. This will be informative and interesting as there are large heavy and medium duty fleets that have many kilometers of experience. Join **Waycon International Trucks** and **Josh LePage** and get glimpse into the future.

#### MEMBERSHIP:

We would like to welcome the following new member **Gregory Witmer** of **Highway Sterling Western Star**. Please make him feel welcome when you meet him.

#### APPRENTICESHIP:

There are students available for job placements, contact Karl Parkinson or Mark Spong if you can help place a student.
