## KITCHENER-WATERLOO AND DISTRICT ATSSA NEWSLETTER

November 2009

### October Meeting:

Thank you to *Lube Core* and *Steve Woodward* for sponsoring our October meeting and sharing with us information about their maintenance products.

### November Meeting:

For over 20 years *CPL/Groeneveld* has been helping people in Canada prolong the life of their capital assets. Through the implementation of automatic grease systems into their preventative maintenance programs, customers have realized cost savings healthier profits and less down time. Come learn about *Groeneveld's* engine oil level monitoring system the "*Oil Master*".

Keeping your own system well maintained and running on all cylinders is imperative. Implementing a personal maintenance program for yourself is as important as one for your business. *CPL/Groeneveld* has invited 4 clinical experts from *St. Mary's Regional Cardiac* program to share information on your own personal preventative maintenance program. The speakers will discuss how the 5 F's of healthy nutrition can transform your eating habits, exercise and how it can fit into any lifestyle, and offer practical strategies to become smoke free.

Invite a friend along to join you for the evening. You'll have a chance to win one of two Blue Ray DVD players purchased from Steve's in Kitchener.
